BACHELOR Bhagwan Mahavir University, Gujarat
B.SC(IT), GPA [6.00] *2023-2026*

FULL-STACK (COURSE) Skywin IT Academy, Gujarat
GRADE[A+] *2023-2024*

PROJECT

JETLY-WEB

Air-Plain Ticket Booking Web Project *LIVE-DEMO*

- The project is a web application deployed on Vercel, a cloud platform for hosting modern web apps with continuous deployment.
- It likely uses a JavaScript framework (such as Next.js or similar), since that is commonly deployed via Vercel.
- The deployment URL (jetlyweb-main.vercel.app) suggests this is the main branch build of a repository named Jetlyweb.
- The live site currently shows a blank or minimal frontend, indicating it may be a starter template or an in-progress project rather than a finished public site.

PORTFOLIO-WEB

Personal Portfolio Web Project *LIVE-DEMO*

- A personal portfolio website showcasing the professional profile of a developer named Sameer Gohil.
- It highlights sections like About, Skills, Projects, Experience, and Contact to present technical expertise and work.
- The site is built with modern web technologies (likely React/Next.js and Tailwind CSS) and hosted on Vercel for fast delivery.
- It serves as an online résumé to demonstrate Sameer's development capabilities and projects to potential employers or clients.
